

What is a Disbursement?

This is when items that can be financed (such as the vehicle) are separated from items that cannot be financed (such as insurance) in the finance documents.

Why Disburse?

Disbursement allows customers to use part of their deposit to pay for additional items which cannot be funded on the agreement.

How it works?

disbursed:

Items that can be disbursed will not show on the vehicle finance agreement but can be shown on the main vehicle invoice. FAMOS allows for items/ services to be disbursed (maximum values apply – see below) as long as the customer deposit is equal to or greater than this amount. The disbursed items will be paid for out of the customer's deposit.

The disbursement form accounts for the difference between the total cash price on the vehicle invoice and the cash price in FAMOS/ finance agreement. You must make sure that the items being disbursed are entered into the correct category

Once disbursed, an <u>additional form</u>, entitled "Payment for Additional Services", will be produced in the document pack, following the Direct Debit Mandate. This form must be signed by the customer alongside the main finance agreement.

This document provides a step by step guide on how to quote a customer and produce the correct finance documents.

The table below summarises the items which can be funded and those that must be

Can be funded via the main vehicle agreement	Can be disburs not funded via th vehicle agreeme	ne main	Cannot be funded or disbursed
 The Vehicle Road Fund Licence First Registration Fee Delivery Fuel/Lubricants Standard Factory/ Retailer fitted options on the vehicle e.g. sports pack New Vehicle 	 Insurance Products e.g. Gap Retailer Warranties (both insured and uninsured) Guarantees Retailer Service Packs (including Care Plans) Lifestyle Products (e.g. child seats, luggage) 		Any form of Admin Fee
Manufacturer Supplied Warranty (not extended warranties) • Paint Protection	Category Vehicle Replacement/ Finance Gap Insurance Insured Warranty	E2,500	
	Other Insurance Additional Non-Vatable Items Additional Vatable Items	£2,500 £1,200 £2,500	

Step 1: The total cash price must not include disbursable items. Fundable items which can be included are shown in the <u>table</u>.

Invoice example:

			Final Payment Final Payment Maximum Final Payment 8,301.95

Step 3: With the correct deposit and/or part exchange entered, click A

Please note: In cases where the deposit/ part exchange are not sufficient to cover the disbursed items please refer to our <u>Accessory Loan guide</u> on the ALPHERA Partner Hub.

Step 4: Add the disbursed items from the invoice into the corresponding fields in FAMOS (refer to colour-coding in both images which indicates which items correspond between the invoice and FAMOS).

Invoice example:

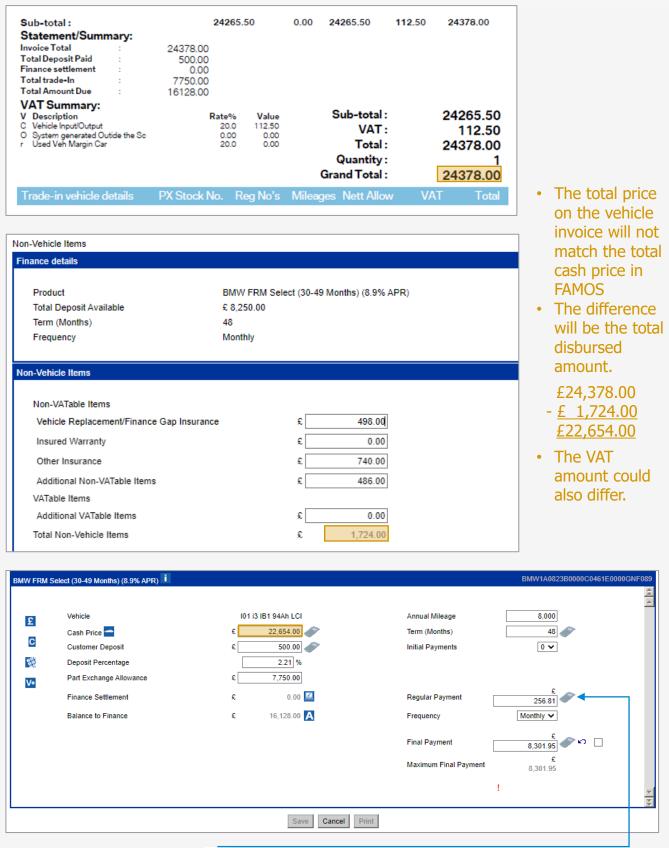

Step 6: Recalculate the regular payment to save the quote

Invoice example:

Click the recalculate button *on* the regular payment field to save the quote with your amendments.

Step 7: The customer document pack will now include the disbursement document.

An additional form (example below), entitled "Payment for Additional Services" will be produced in the document pack and can be found after the Direct Debit Mandate.

The form includes the following information:

- Available funds (Deposit and/or Part Exchange) Itemised and totals of disbursement amounts. Remaining cash price for the vehicle and remaining deposit and/or part exchange, showing the balance of cash price payable. .

Important - Please read carefully This form records the optional additional services you have ch your additional services, including Insurance Premium Tax (IPT het part-exchange allowance.
